CASE PROFILE

The client came to Infront webworks to increase organic traffic and increase ranking on their local map pack or Google Maps which in turn brings in more walk-ins. The strategy we used for this client was targeting local specific keywords as well as increasing content on the site or blog with Q & A type blogs. One of the blogs we created for client is now their top landing page. We are ranking for close to on average 600 keywords in position 1 for a local dentist business. The client last reported that they plan on opening a second location in 2020.
